**Performance-Based Share Acquisition Rights  
(Share-based Compensation in Stock Options)  
(Agenda Item for the General Meeting of Shareholders)**

SUMIDA CORPORATION (the “Company”) would like to announce that the board of directors resolved to table the following item on the agenda of the 66th General Meeting of Shareholders which is scheduled for March 25th, 2021. The Company will request approval for the determination of offering terms for share acquisition rights to be issued as stock options to directors and employees of the Company’s subsidiaries, to be entrusted to the board of directors of the Company (the “Board of Directors”) or to the executive officer of the Company delegated by resolution of the Board of Directors.

**1. Reasons for the need to solicit subscribers for share acquisition rights on particularly favorable terms**

The Sumida Group formulated the Mid-Term Business Plan covering the three-year period from the fiscal year ending December 31, 2021 to the fiscal year ending December 31, 2023. In aiming to achieve the targets in the Mid-Term Business Plan, realize sustainable growth and enhance mid- and long-term corporate value, share acquisition rights will be issued, without contribution, to directors and employees of the Company’s subsidiaries, upon exercise of which shares are delivered on stipulation that the value of property to be contributed upon exercise of the share acquisition rights is one (1) yen per share.

As stipulated in 2. (3) “(viii) Terms and conditions for exercising share acquisition rights” below, these share acquisition rights may be exercised to the extent made possible by the level of achievement of the business results targets in the Sumida Group’s Mid-Term Business Plan only when a certain level of such achievement has been achieved. Therefore, their contents consist of commitments toward the Group’s business results targets by the directors and employees of the Company’s subsidiaries eligible to receive the share acquisition rights. In addition, it is the Company’s policy that if the Company holds treasury shares upon exercise of the share acquisition rights, the Company will deliver treasury shares rather than issuing new shares to the extent possible.

**2. Details of, maximum number of, and matters regarding payment for share acquisition rights for which offering terms may be determined based on the decision of this Annual General Meeting of Shareholders**

(1) Maximum number of share acquisition rights for which offering terms may be determined based on this entrustment

The maximum number of the share acquisition rights shall be 6,000, with the terms specified in (3) below.

The maximum number of shares to be granted upon exercise of the share acquisition rights shall be 600,000 shares of ordinary shares of the Company. In the event that the number of shares to be granted is adjusted pursuant to (3) (i) below, the maximum number of shares to be granted upon exercise of share acquisition rights shall be the number obtained by multiplying the number of shares granted after adjustment by the maximum number of share acquisition rights as provided for above.

- (2) Amount to be paid in for share acquisition rights for which offering terms may be determined based on this entrustment

Monetary payment is not required for the share acquisition rights as they are issued without contribution.

- (3) Details of the share acquisition rights for which offering terms may be determined based on this entrustment

- (i) Class and number of shares to be delivered upon exercise of share acquisition rights

The class of shares to be delivered upon exercise of the share acquisition rights shall be ordinary shares and the number of shares to be delivered upon exercise of one (1) share acquisition right (hereinafter the “Number of Shares Granted”) shall be 100.

Notwithstanding the foregoing, in the event that the Company carries out a share split (including any allotment of shares without contribution; the same shall apply hereinafter) or a share consolidation of ordinary shares of the Company after the date of the resolution at the General Meeting of Shareholders (hereinafter the “Resolution Date”), the Number of Shares Granted for share acquisition rights that are unexercised as of the time of the share split or share consolidation shall be adjusted according to the following formula. Any fraction of less than one (1) share resulting from this adjustment shall be discarded.

$$\begin{array}{l} \text{Number of shares} \\ \text{granted after} \\ \text{adjustment} \end{array} = \begin{array}{l} \text{Number of shares} \\ \text{granted before} \\ \text{adjustment} \end{array} \times \begin{array}{l} \text{Ratio of share split or} \\ \text{consolidation} \end{array}$$

In addition, in the event that it is necessary for the Company to make an adjustment to the Number of Shares Granted in cases where the Company carries out a merger, company split, share exchange, share transfer, etc., the Company may make an appropriate adjustment taking into account the merger ratio and other conditions, to the extent reasonable.

- (ii) Value of property to be contributed upon exercise of share acquisition rights

The value of property to be contributed upon exercise of one (1) share acquisition right shall be the amount obtained by multiplying one (1) yen, which is the amount to be paid in per one (1) share to be delivered upon exercise of the share acquisition rights (hereinafter the “Exercise Price”), by the Number of Shares Granted. Notwithstanding the foregoing, if the Company carries out a share split or share consolidation of ordinary shares of the Company after the Resolution Date, the Exercise Price for share acquisition rights that are unexercised as of the time of the share split or share consolidation shall be adjusted according to the following formula. Any fraction of less than one (1) yen resulting from this adjustment shall be rounded up to the nearest yen.

$$\text{Exercise price after adjustment} = \text{Exercise price before adjustment} \times \frac{1}{\text{Ratio of share split or consolidation}}$$

In addition, in the event that it is necessary for the Company to make an adjustment to the Exercise Price in cases where the Company carries out a merger, company split, share exchange, share transfer, etc., the Company may make an appropriate adjustment taking into account the merger ratio and other conditions, to the extent reasonable.

Incidentally, the Compensation Committee will, on the condition that this agenda item is approved and adopted, grant to each executive officer remuneration at the same amount as the amount to be paid in, where each executive officer's right to claim the remuneration from the Company and each executive officer's obligation to pay the amount to be paid in will offset each other. In addition, the details of share acquisition rights regarding specifics of individual remuneration, etc. of executive officers will be similar to those set forth in 2. (3) above.
